**TO:** All Clubs  
**FROM:** Kat Pryer  
**DATE:** 4<sup>th</sup> August  
**SUBJECT:** MyFGC Photos

---

Dear Colleagues,

We continue to have reports that player photos in MyFGC are not up to date. Some clubs have player photos which are substantially out of date.

For this reason, we have given ability to coaches and managers to be able to edit photos in their team list and update accordingly. Previously, the coaches and managers could add a player to a team sheet but not edit player photos, however this function has been lifted to allow for updated photos.

This function has been available for the past two weeks and will be restricted again from tomorrow evening. We ask you to please advise your coaches of the lifted restrictions and get them to update their photos if needed ASAP. Once this function has been removed from coaches access then the only way to update player photos will be by an admin user for MyFGC.

Should you require any more information please contact the office.
