Dear Colleagues,

We have received multiple questions from clubs regarding trophy presentations and event days for the conclusion of the 2020 season.

Upon consultation with Football Queensland, it is our current understanding that presentation/trophy days are not football related activities and do not fall under the COVID Safe Industry Plan for Outdoor Sports. If the club is utilizing an external venue for their function e.g. a licensed sports club, then the venue would be responsible for ensuring that a COVID Safe Industry Plan is in place and the event would be permissible under the venue's approval.

In the instance that the club hosts a fixture (MiniRoos etc.) on the same day and in collaboration with a planned trophy presentation or event, it would likely fall under a football related activity and be permissible. Alternatively, the club would need to apply for a COVID Safe Event Plan to ensure they are permitted to host the event.

Should you require more information please contact the office.
