SUBJECT: MyFGC reminder

Dear Colleagues,

Football Gold Coast wish to remind all clubs that if your team has been regraded (junior competition only, not MiniRoos) you will need to ensure that a club administrator has updated the myfgc team rosters. Administrators can do this in the administration tab, then click teams and coaches (as you did at the beginning of the year).

Once you have made the adjustment and added your team to the new division, please remove your coach from there old team roster so they only see fixtures for there new and current division
