- U18 JPL will play each other once more (7 rounds) and have two wet weather rounds scheduled on the 23rd July and 20th August.
- U18 Division 1 will play each other twice more (10 rounds) there are no wet weather rounds schedule and one Monday round on Monday 19th July.
- In both divisions result from round 1 against teams in the new division will be retained and a new ladder calculated.
- The venue for the second round will be opposite to the first round. If you played the team in your division at home in the first round you will play them away in the next round.
- Please note that this redraw might have had an impact on the times of other Friday night junior divisions so I urge to ask team managers of all U15-U18 teams to check their draw to ensure that a time hasn't been altered.
